Hantle t4000 Through-the-Wall ATM

Mini ATM kiosk
Exterior of the kiosk is finished in a very durable Powder Coating in many standard colors to meet you needs at no extra cost.

Custom graphics can be applied for additional branding.

The standard Mini Kiosk dimensions are 70” H X 55” W x 36” D but can be customized to meet your specific needs.

The Mini ATM Kiosk is completely finished inside with 2” rigid foam insulation and sealed against moisture. The 30 amp electrical panel provides separate circuits for the ATM and heating /AC units. The entire kiosk is built of 2” tube steel floors and walls with 14 gauge steel body.

The Hantle t4000 ATM includes an electronic lock with a 1000 note removable cassette and rear service panel.
