

Product Description

Teller Machine (Sharp and Quick Teller)

Datruie provides sales and service of off-line teller machines throughout North Dakota, South Dakota, Minnesota and Montana. Sharp teller machines are readily available reconditioned for years of reliable service at an economical price.

For institutions not ready for an on-line solution, but still wanting new machines, we offer the Quick Teller terminals. This product has many of the features that were included with the original Sharp machine, with several new features requested frequently.

Teller machines include a variety of programmable functions to accommodate your specific requirements. The Electronic Audit Machine simplifies and tracks your complicated financial transactions. The built-in CPU and LSI circuitry assures reliability and enhances the productivity of your operation.

Flexible, sophisticated with a host of features to increase teller efficiency. Teller machines help to reduce keystrokes and provides the teller an intuitive approach to transaction processing.

Quick Teller machines are available only as new machines and come with a 90 day warranty.

Sharp Teller machines are available only as reconditioned and come with our 30 day warranty.

Datruie can provide from 1-100 teller machines new or reconditioned. We provide on-site service, training and programming to make certain your machines continue to operate properly and efficiently for years to come.
