

Cummins JetSort 1000

Increase Counting Speed and Accuracy

JetSort® coin sorters have set the world standard for coin sorting speed, accuracy and reliability for over twenty years. All JetSort models feature a coin sorting mechanism that has only one moving part, simplifying operations and making removal of stray material fast and easy while providing unmatched durability and reliability. Precision machined to a few thousandths of an inch, JetSort counts and sorts mixed coins with 99.995% accuracy.

MODEL FEATURES:

Easy Access Coin Drawers -- Coin drawers are conveniently located at the front of the machine, allowing for the unit to be used in the smallest of spaces.

Large Control Keys -- Easy-to-understand, big buttons make the JetSort® 1000 simple enough for anyone to use.

LCD Display -- Clear, easy-to-read display panel helps keep track of coin totals and current operating status.

Built-In Lift Tray -- Forward tilt coin tray allows quick and easy coin feeding with either hand and without requiring space on either side of the unit.

OPTIONS AND ACCESSORIES:

Coin Boxes and Bag Adapters -- Collect sorted coins in boxes (for lower volumes) and bags (for higher volumes).

Adjustable Tabletop Stand -- Raises the JetSort to allow for safe and convenient coin bag operation.

Communications -- Connects the JetSort to a printer, computer, remote display or a JetScan™ or JetCount® currency processor.

Coin Packaging Adapter -- Allows coins to be packaged into coin tubes.

Floor Stand -- Allows for the JetSort 1000 to be placed anywhere for convenient operation.

Security Door -- For use with the floor stand. Provides security for up to four bag adapters on the JetSort 1000.

Magnet -- Helps cull ferrous metal debris.
