

Hyosung is revolutionizing the self-service industry. The **7800IA** gives your consumers a choice on how to interact: self-service or with the help of on demand video assistance. The **7800IA** offers a robust set of transactions with core integration, greatly improving the traditional experience delivered by limited ATM choices. The **7800IA's** modular design and high capacity allow for industry leading availability and serviceability. The **7800IA** continues to receive the highest usability scores from customers.

Learn why large and small institutions continue to deploy thousands of the 7800 series today, making Hyosung the fastest growing ATM company in the US.

KEY FEATURES

INNOVATION

Ability to deliver transactions through self-service or with the support of on demand video assistance. Our financial institutions' customers prefer self-service first and only video when required approach and do not require a video agent upfront. Ergonomically designed to optimize for different vehicle sizes, the layout is designed for optimal customer interaction and reach.

USABILITY

A user interface specifically adapted to accommodate a wide range of drive-thru teller transactions. A 19" screen enables intuitive and meaningful customer experiences. Multiple customer authentication options including contactless and biometrics.

HIGHEST AVAILABILITY

Innovative modular design and the use of Hyosung's manufactured core technologies allows for fast, easy replenishment and reduced downtime. The **7800IA** is designed to provide reliability that is unequaled in the market, with minimum maintenance and maximum uptime.

CAPACITY

High capacity, cash dispense capability and the ability to support large volume transactions.

FUNCTIONALITY

The **7800IA** delivers an unparalleled range of transactions when deployed in conjunction with Hyosung's innovative integrated software approach and powerful video assistance solutions. The 7800 series comes ready to support a full range of branch transformation transactions, including video.
